Wildlife Biologist

Environmental Technician II

Salary Range: \$16.00 - \$24.99 per hour

Part-time, seasonal position: April 27th – August 15th, 2020

(Actual season dates are weather and/or workload dependent).

Job Description

This is a physically demanding position conducting wildlife surveys on California Tahoe Conservancy (<http://tahoe.ca.gov>) lands, as well as performing other associated tasks. This is a part-time position (approx. 15-25 hours/week) and may require working on holidays, evenings and weekends. This position also requires working early morning and late evening hours. Applicants must demonstrate their ability to work as a professional, mature team member in stressful and physically demanding situations.

Daily job duties may include, but are not limited to:

- Planning wildlife survey schedule in accordance with protocol
- Conducting avian point counts in urban and non-urban locations
- Conducting avian nest searches in urban and non-urban locations
- Conduct bat monitoring, Sierra Nevada yellow-legged frog surveys
- Conducting protocol surveys for California spotted owl and northern goshawk
- Summarizing data from field surveys, and writing summary reports
- Data entry
- Communicating and coordinating with staff from other land management agencies in the Basin
- Perform additional services and other related duties as directed by the Wildlife Crew Lead or Director of Programs

Required Qualifications:

- Experience independently conducting bird point counts
- Ability to identify western birds by sight and sound
- Demonstrated ability to pay close attention to detail, and enter data carefully and accurately
- Ability to conduct surveys in rough terrain, navigate using map and compass, and work in various weather conditions
- Possess a valid driver's license, with clean driving record
- Excellent communication skills
- Ability to work early mornings and late evenings
- Ability to work on holidays, evenings and weekends

We Do Conservation

The mission of the Tahoe RCD is to promote the conservation, stewardship and knowledge of the Lake Tahoe region's natural resources by providing leadership and innovative environmental services to all stakeholders.

- Demonstrated ability to follow directions and carry out specific tasks

Desired Qualifications:

- 3+ years college education and/or experience in wildlife sciences or natural resources
- 3+ years conducting bird surveys

Benefits:

Paid sick leave accrued at a rate of 3.08 hours for every 80 regular hours worked.

Please note:

Housing is not included with this employment opportunity. Length of field season may be modified due to inclement weather and/or workload demands. All positions are contingent upon funding. Incumbent will be required to use personal vehicle for work duties when District vehicle is not available. District will reimburse mileage at the federal rate.

To Apply:

Position open until filled. Please submit cover letter, resume and 3 professional references to **Mollie Hurt**: mhurt@tahoercd.org. Write as a subject heading "Wildlife Crew - INSERT YOUR NAME." Applications are accepted via email only.
